NINACLOAK

These woman's gloves fit small-medium depending on your tension. For a larger size, you can go up in hook size or add stitches to the side hdc section. The top of the glove is worked in turning rows and then stitched together up the back. I like working these flat, but of course, you could join and turn as you work. As a matter of fact people have had really strong feelings about not stitching up the back. Do whatever you feel comfortable with!

I tried to make this pattern as easy to follow as possible with the color coded sections, but I would not recommend this project for beginners.

- US crochet terms
- Worsted weight yarn
- Hook size G(4.25)
- BPTC= Back Post Treble Crochet
- FPTC= Front Post Treble Crochet

Wristband

Ch 16 (Feel free to adjust length to make longer or shorter cuffs)

1. Sc in second from hook and in each chain to the end. Ch 1, turn(15)

2.-28. 15 sc in BLO. ch 1, turn (15)

Join last row to beginning chain with sl st to form the cuff. Turn inside out so that the sl st seam is on the inside. Rotate to work top of glove along the sides of the rows.

*Note: I have 28 rows for the cuff and then I say to work 30 hdc in row 1 top of glove. I did this because I have skinny wrists and preferred my cuff to be tighter. It means you will have to work 2 hdc in a couple of the stitches for row 1 top of glove. If it makes you more comfortable, you can increase the cuff to 30 rows for it to come out even.

LEFT GLOVE

Top of glove

1. Ch 2, work 30 hdc into ends of sc rows on cuff. Join with sl st to first hdc. Do not turn yet.

2. Ch2, 1 hdc in same as join, 8 hdc *(sk 2, FPTC around next 2, FPTC around 2 skipped) Repeat from* 2 more times. 9 hdc. Ch 2, turn
