This design is very versatile. If you are not a fan of the video game or gaming scene, this can be made in any color as just a stocking hat in time for cooler weather. You can even use two tones by making your reverse single crochet stitches in a complimentary color to the hat. Red and White would make a peppermint swirl, or Red and Green would make a cute holiday hat. Removing the side laces and adding a bell on the end of the conical shape would make a darling elfin hat!

There are many fun ways to explore broadening this pattern to other great creations! For those of you who are on board to see what I create for Halloween, stay tuned for the next several weeks as I reveal more pieces for this EPIC cosplay creation. Nate and I are very excited to share another great costume with our wonderful YARNutopia community!

NOTES:

- This project uses less than 250 yards of yarn.
- Use a smaller hook to make these smaller
- Use a bigger hook to make these bigger
- Watch the FULL video tutorial for visual instructions for each row and tips on how to make this smaller and bigger.
- Weave in all the ends as you go so you don't have to weave them all in at the very end.
- If the instructions above are confusing, please message me on [Facebook](#), and I will answer any questions you may have. Please be specific in your questions. Thank you!!
- The measurements for the hat I demonstrate is 23 inches around the circumference of the head. The length is about 20 inches long.
