Powering 3440 COUNTY RD 10

Point of Delivery: 10758971

Residential - Low Density

Electricity	\$261.20
This is the cost of generating the electricity you used this period. Usage is measured in kilowatt-hours (kWh) and depends on the wattage of devices you use and how long you use them. The Ontario Energy Board (OEB) sets the cost per kWh and the money collected goes directly to the electricity generators.	
Delivery	\$103.34
This is the cost of ensuring you have reliable power when you need it. Hydro One collects this money to build, maintain and operate the electricity infrastructure, which includes power lines, steel towers and wood poles covering 960,000 sq. km. A portion of this cost is fixed and a portion varies depending on the amount of electricity used.	
Regulatory Charges	\$11.40
The Independent Electricity System Operator (IESO) uses this money to manage electricity supply and demand in the province, which is necessary to ensure that there is enough electricity to meet Ontario's needs at all times.	
Ontario Electricity Support Program+++	-\$45.00
HST (87086-5821-RT0001)	\$43.02
Ontario Electricity Rebate	-\$119.55
Total of your electricity charges	\$254.41

What is my Time-of-Use breakdown?

Apr 17/20 to May 15/20	Usage (kWh)	Rate (¢)	Amount
On-Peak	525.003	10.1	\$53.03
Mid-Peak	578.943	10.1	\$58.48
Off-Peak	1,482.214	10.1	\$149.69

My current Time-of-Use schedule

Summer: Weekdays - May 1 to Oct 31

Weekends & holidays are always Off-Peak

+++ An Ontario Electricity Support Program credit has been applied to this bill. Visit OntarioElectricitySupport.ca for more information.

The Ontario government has extended the temporary rate relief to customers who pay time-of-use prices. Customers will be billed the off-peak price of 10.1 cents/kWh, 24 hours a day, seven days a week until May 31, 2020. Learn more: www.HydroOne.com/RateRelief

Meter Number	Current Reading	Previous Reading	Difference	Usage in kWh
J2810834	May 15/20 20401.6384	Apr 17/20 20272.3304	129.308	(x20) = 2586.16

Shedding light on your electricity statement

To the electricity generators for the electricity you use

Electricity prices are set by the Ontario Energy Board (OEB). Hydro One collects electricity charges and passes them to the IESO. These charges are used to cover the cost of electricity generation.

- Regulatory costs
- Taxes
- Other delivery costs
- Hydro One's delivery costs

Energy Saving Tip

Phantom Power

Electronics use energy even when off. Plug them into power bars with timers or auto-shutoff to lower energy use.
