Standard Service supplied by Hydro One

Here's what you owe

Balance forward \$0.00
Your new charges \$385.92

Total amount you owe \$385.92

The total amount you owe, as indicated on this bill, is due on the billing date. Your payment for this invoice is due on **August 9, 2017** (the Required Payment Date).

If payment is not received by August 9, 2017 (the Required Payment Date), a late payment charge of 1.5% compounded monthly (19.56% per year) will be calculated from the billing date and applied to your next bill.

Ontario's Fair Hydro Plan substantially lowers electricity bills for typical residential consumers. This includes the eight percent rebate introduced in January 2017 and builds on previous initiatives to deliver broad-based relief on all electricity bills.

IMPORTANT NOTICE: The Ontario Energy Board has decreased Time-of-Use electricity prices to: 13.2 cents per kWh for on-peak, 9.5 cents per kWh for mid-peak and 6.5 cents per kWh for off-peak, effective July 1, 2017. Go to www.oeb.ca for details.

It just got easier to pay your Hydro One bill. Sign up for Paperless Billing today to view and pay your bill online. You'll save time, paper and postage. For more details on Paperless Billing, go to www.HydroOne.com/Paperless.

Delivery	\$130.87
Regulatory Charges	\$13.52

Debt Retirement Charge	\$0.00
HST (87086-5821-RT0001)	\$47.78
8% Provincial Rebate	\$29.40 CR

Total of your electricity charges **\$385.92**

Ontario's Fair Hydro Plan saved you \$131.81 on your bill. This amount includes the 8% Provincial Rebate.

Electricity : This is the cost of the electricity supplied to you during this billing period and is the part of the bill that is subject to competition.

Delivery : These are the costs of delivering electricity from generating stations across the Province to Hydro One then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity systems. A portion of these charges are fixed and do not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use.

The delivery charge also includes costs relating to electricity lost through distributing electricity to your home or business.* Hydro One collects this money and pays this amount directly to our suppliers.

*When electricity is delivered over a power line, it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business.

Regulatory Charges : Regulatory charges are the costs of administering the wholesale electricity system and maintaining the reliability of the provincial grid and include the costs associated with funding Ministry of Energy and Infrastructure conservation and renewable energy programs.

Debt Retirement Charge : The debt retirement charge pays down the debt of the former Ontario Hydro.

NOTE: For a detailed explanation of electricity terms, please visit www.HydroOne.com or www.ontarioenergyboard.ca.

+Your consumption is based on metered use. Historically this was based on adjusted use.

Time of Use Periods for Summer and Winter
