Home speaker systems												
Cable and satellite receivers												
Car audio and video systems												
Turntables												
Baby monitors	Audio and / or video											
Digital projector												
Clock radios												
Cables, connectors, chargers, headphones, headsets, microphones	Headsets include wired / wireless / Bluetooth.											
Digital Frames												
Cell Phones / smartphones, PDAs and Pagers		Only accepted by store e-waste program in Ontario and Quebec; otherwise, can go into battery collection bin at stores' Recycling Centres.										

ADDITIONAL ACCEPTED MATERIALS

BC	E-book readers. Electronic toys (cord or battery). Battery-powered ride-on toys. Electronic keyboards / synthesizers / instruments. Docking stations.
MB	Microwave ovens.
ON	Internal hard drives. Modems. Guitar amps. Typewriters.
QC	E-book readers. Internal hard drives. Modems and routers. Docking stations.

NOT ACCEPTED

BC	<p>NO SMALL APPLIANCES: microwaves, electric grills / woks / frying pans, blenders, food processors, coffee makers, toasters, electric irons, rice cookers, beard trimmers / hair grooming, hair dryers, vacuum cleaners, space heaters, air conditioners, electric fans, air purifiers, paper shredders, scales, clocks (electric clock radios are acceptable), sewing machines.</p> <p>NO POWER TOOLS (including drills, saws, sanders, leaf blowers).</p> <p>NO NON-ELECTRIC TOYS.</p>
-----------	--

¹New Brunswick recently passed regulations around the handling of e-waste for the province. The EPRA is working together with the province to establish environmentally responsible, regulated, cost effective programs for end-of-life electronic products in New Brunswick in the near future.

²Electronics recycling not available in the Yellowknife and Whitehorse stores.
