

Produce to be planted: Garlic

Task Breakdown

- Always need decent gloves
- Always need comfortable footwear
- Sun/rain/insect protection as needed

Preparing plot

- Open the ground (plow, broadfork)
- Level the soil (rake)
- Fertilize/Amend (amendments)
- Remove weeds (container, trowel, cultivator)

Planting bulbs

- Make furrows (hoe, shovel, 2 stakes, string)
- Place bulbs (bulbs)
- Cover bulbs (hoe)
- Mark rows (larger stakes)

Mulching

- Cover with straw (pitchfork, straw bales)

Maintenance

- Weeding (cultivator, trowel, container)
- Watering (watering can OR hose with water wand)
- Pest control (TBD)
- Remove scapes (pruning shears)

Harvesting

- Loosen soil (broadfork)
