

6th Avenue Heartache - Wallflowers

F **C**
Sirens ring, the shots ring out
Bb **F**
A stranger cries, screams out loud
F **C**
I had my world strapped against my back
Bb **F**
I held my hands, never knew how to act

F
And the same black line that was drawn on you
C
Was drawn on me
Bb
And now it's drawin' me in
F
6th Avenue heartache

Below me was a homeless man
I'm singin' songs I knew complete
On the steps alone, his guitar in hand
It's fifty years, stood where he stands

Chorus twice

Now walkin' home on those streets
The river winds move my feet
Subway steam, like silhouettes in dreams
They stood by me, just like moonbeams

Chorus twice

Solo : **F C Bb F X 4**

Look out the window, down upon that street
And gone like at midnight was that man
But I see his six string laid against that wall
And all his things, they all look so small
I got my fingers crossed on a shooting star
Just like me - just moved, just moved on

Repeat Chorus till fade.
