

Hard Sun - Eddie Vedder (capo 1)

D C
When I walk beside her, I am the better man
G D
When I look to leave her, I always stagger back again
D C
Once I built an Ivory tower, so I could worship from above
G D
When I climb down to be set free, she took me in again

D Am
there's a big, A big hard sun
G D
beatin` on the big people, in the big hard world

When she comes to greet me, She is mercy at my feet
When I see her pin her charm, She just throws it back at me
Once I dug an early grave, To find a better land
She just smile and laughed at me, And took her bruise back again

D Am
there's a big, A big hard sun
G D
beatin` on the big people, in the big hard world (Repeat)

When I'm cold across that river she is comfort by my side
When I try to understand she just opens up her hands
(guitar solo)

Once I stood to lose her, when I saw what I had done
bound down and flew away the hours, of her garden and her sun
so I tried to warn her, I turned to see her weep
40 days and 40 nights, and it's still coming down on me

D Am
there's a big, A big hard sun
G D
beatin` on the big people, in the big hard world

(Repeat and Fade)
